

APN-8g/5m-GR

Power strip with 8 AC outlet(s) outlets, overvoltage protection and 5 mmetre power cord

Product colour Grey Number of products included 1 pc(s) AC input voltage 230 V Suitable location Living room On/off switch Yes Suitable location Home office Buitable location Office Housing material Plastic AC input frequency 50 Hz Placement supported Indoor Suitable location Universal Cable length 5 m Power protection features Input fuse Cable colour Grey Power plug type Type E Swivel AC outlet No Indication light Yes Maximum current 10 A Power protection features Over voltage Power protection features Under voltage Power protection features Under voltage AC outlet types Type C		
AC input voltage 230 V Suitable location Living room On/off switch Yes Suitable location Home office Suitable location Office Housing material Plastic AC input frequency 50 Hz Placement supported Indoor Suitable location Universal Cable length 5 m Power protection features Input fuse Cable colour Grey Power plug type Type E Swivel AC outlet No Indication light Yes Maximum current 10 A Power protection features Over voltage Power protection features Under voltage	Product colour	Grey
Suitable location On/off switch Yes Suitable location Home office Suitable location Office Housing material AC input frequency Flacement supported Indoor Suitable location Universal Cable length 5 m Power protection features Input fuse Cable colour Grey Power plug type Type E Swivel AC outlet No Indication light Yes Maximum current 10 A Power protection features Universal Over voltage Power protection features Under voltage	Number of products included	1 pc(s)
On/off switch Suitable location Home office Suitable location Office Housing material Plastic AC input frequency 50 Hz Placement supported Indoor Suitable location Universal Cable length 5 m Power protection features Input fuse Cable colour Grey Power plug type Type E Swivel AC outlet No Indication light Yes Maximum current 10 A Power protection features Over voltage Power protection features Under voltage	AC input voltage	230 V
Suitable location Office Suitable location Office Housing material Plastic AC input frequency 50 Hz Placement supported Indoor Suitable location Universal Cable length 5 m Power protection features Input fuse Cable colour Grey Power plug type Type E Swivel AC outlet No Indication light Yes Maximum current 10 A Power protection features Under voltage Power protection features Under voltage	Suitable location	Living room
Suitable location Office Housing material Plastic AC input frequency 50 Hz Placement supported Indoor Suitable location Universal Cable length 5 m Power protection features Input fuse Cable colour Grey Power plug type Type E Swivel AC outlet No Indication light Yes Maximum current 10 A Power protection features Over voltage Power protection features Under voltage	On/off switch	Yes
Housing material AC input frequency 50 Hz Placement supported Indoor Suitable location Universal Cable length 5 m Power protection features Input fuse Cable colour Grey Power plug type Type E Swivel AC outlet No Indication light Yes Maximum current Power protection features Over voltage Power protection features Under voltage	Suitable location	Home office
AC input frequency Placement supported Indoor Suitable location Universal Cable length 5 m Power protection features Input fuse Cable colour Grey Power plug type Type E Swivel AC outlet No Indication light Yes Maximum current Power protection features Over voltage Power protection features Under voltage	Suitable location	Office
Placement supported Suitable location Universal Cable length 5 m Power protection features Input fuse Cable colour Grey Power plug type Type E Swivel AC outlet No Indication light Yes Maximum current 10 A Power protection features Over voltage Power protection features Under voltage	Housing material	Plastic
Suitable location Cable length Power protection features Input fuse Cable colour Grey Power plug type Type E Swivel AC outlet No Indication light Yes Maximum current 10 A Power protection features Over voltage Power protection features Universal Universal	AC input frequency	50 Hz
Cable length 5 m Power protection features Input fuse Cable colour Grey Power plug type Type E Swivel AC outlet No Indication light Yes Maximum current 10 A Power protection features Over voltage Power protection features Under voltage	Placement supported	Indoor
Power protection features Cable colour Grey Power plug type Type E Swivel AC outlet No Indication light Yes Maximum current 10 A Power protection features Over voltage Power protection features Under voltage	Suitable location	Universal
Cable colourGreyPower plug typeType ESwivel AC outletNoIndication lightYesMaximum current10 APower protection featuresOver voltagePower protection featuresUnder voltage	Cable length	5 m
Power plug type Type E Swivel AC outlet No Indication light Yes Maximum current 10 A Power protection features Over voltage Power protection features Under voltage	Power protection features	Input fuse
Swivel AC outlet No Indication light Yes Maximum current 10 A Power protection features Over voltage Power protection features Under voltage	Cable colour	Grey
Indication light Yes Maximum current 10 A Power protection features Over voltage Power protection features Under voltage	Power plug type	Type E
Maximum current 10 A Power protection features Over voltage Power protection features Under voltage	Swivel AC outlet	No
Power protection features Over voltage Power protection features Under voltage	Indication light	Yes
Power protection features Under voltage	Maximum current	10 A
	Power protection features	Over voltage
AC outlet types Type C	Power protection features	Under voltage
	AC outlet types	Type C

8 AC outlet(s)
698 g
Yes
CE
Type E
Hanger
Can be attached to the ground
